<p>Skegness, Boston, East Lindsey PPG Chairs/representatives</p>	<p>Engagement with PPG Chairs/representatives regarding locality issues.</p> <p>An example of training, networking, learning and sharing ideas from other Patient Participation Groups</p> <p>Provides an up-date around engagement and CCG work undertaken within the Clinical Commissioning Group and gather patient feedback.</p> <p>Provides an opportunity for our PPG Chair representatives to learn further about the work that is being undertaken within the CCG area through receiving presentations</p>		

PURPOSE

Patient Participation Groups (PPGs) can bring about real, positive change in their communities. They have an increasingly important role to play in helping to give patients a say in the way services are delivered to best meet their needs, and the needs of the local community.

The meetings act as a forum for the discussion of ideas to ensure that they are promoted by PPGs and embed patient views in to the locality.

Meetings have taken place throughout 2019/20 in all 3 localities.

YOU SAID	WE DID
You would find it useful to have presentations to understand work that was taking place locally	The CCG has arranged for presentations, as requested to be brought to meetings. This has included a presentation on cancer, primary care networks, neighbourhood working
It would be useful to see a copy of all 3 PPG Groups minutes presented at our Patient Council so we can all see what each other is working on	We have undertaken this. Our PPG Chairs report in to our Patient Council. Link enclosed for example:- https://lincolnshireeastccg.nhs.uk/about-us/key-documents/public-engagement/virtual-patient-council-1/2020-meeting-papers/january-2020-patient-council-meeting-papers/2455-item-1-agenda-patient-council-29-january-2020/file
Our PPG representatives agreed with the CCG that it would be useful to have PPG chairs meetings set up in all 3 localities of the CCG; to mirror the meeting that was well established in the Skegness & Coast locality. They asked for the CCG to support these groups to strengthen the patient and public voice	We have continued to support our Patient Participation Groups during 2019/20 and have continued to develop Patient Participation Group Chair/representatives groups across the CCG to ensure that we are listening further to the patient voice at locality level.
Some members of the PPG chairs meetings, have asked us to provide training to them on getting involved in PPGs and CCG involvement meetings.	Training is available for all of our members which can be viewed on the enclosed link:- https://lincolnshireeastccg.nhs.uk/get-involved/training-for-patient-involvement-representatives
The PPG members raise queries to the CCG about issues or concerns affecting their locality, for example issues regarding pharmacy provision were raised at the East Lindsey PPG Chairs meeting	The CCG have asked NHS England to look into the concerns regarding pharmacy provision, who are working with PPGs to resolve this. Other queries raised can be seen in the minutes of the meeting https://lincolnshireeastccg.nhs.uk/get-involved/engagement-reports-and-publications/ppg-locality-chairs-meetings
